Latest news

- The number of panels contributing reports to the programme has exceeded initial expectation. Numerous panel events have taken place including beyond UK in Washington and Singapore.
- Panel reports deadline for submission is 31 July 2015.
- Reports will be published collectively and downloadable free to all by early October and coinciding with a media launch event on a date yet to be confirmed.
- Separate single panel and multiple panels media events will also take place – details to follow.
- The London Guildhall Seminar previously planned for 23rd October 2015 has been postponed. This allows maximum effort to be focused on the various media events taking place around the reports publication, and on setting up a new and sustainable structure taking the programme forward into an ‘action agendas and global impact’ next phase.
- Prior to rescheduling the date for the London Guildhall Seminar focusing on the skill sets required of 21st century leaders, an interim Phase 2 launch event is envisaged – details to follow.
